SAN JOSE, CALIFORNIA, WEDNESDAY, JANUARY 28, 1942

NUMBER 74

### California History Speech Contest Tryouts In Room Today At 4

Tryouts for the California history speech contest will be held at 4 o'clock in room 155, Morris Dailey auditorium, proclaimed yesterday.

The contest is sponsored by the Daughters of the Golden State, a representative of the college with Hollister, San Benito and Salinas junior college delegates in the district finals at San Jose.

Each speaker will give a 10-minute talk on some phase of California history or present. Only lower-division students may compete.

The new library for tomorrow's competition will have speech faculty members as judges. The only three students far registered to speak are Loren Nichols, Loren Nichols, Loren Nichols.

### Professor Ferris Will Give Address On Entomologists

Professor G. F. Ferris, leading authority on parasitic animals, will give an open meeting of the materials club on the topic "Parasites and Human Welfare," at 8 o'clock in the evening at 8 o'clock in the evening.

Professor Ferris, now teaching at Stanford university, has studied the habits of numerous parasites and the diseases they cause for many years. He made a particular study of the malarial parasite in the last war. The malarial parasite is a house-borne disease and used in World War I it killed eight million people, Ferris says.

According to recent dispatches from Poland, and the central European countries, the typhus fever is again prevalent. Fatalities for this vermin is on the increase in the war zone who have no facilities to bathe regularly.

Interested students are invited.

### SOPHOMORES MUST REVOTE IN SECRETARY-TREASURER MIX-UP

Sophomores will go to the polls Friday to decide on the "confusing but not amusing" mixup of the Willsons for class secretary-treasurer, according to the ruling of the Student Council made last night.

Keith Robinson, vice-president of the sophomore class, turned the problem over to the Student Council since the sophomore class council was undecided on proper action. Jean M. Willson and Mary Suransky will be the competing candidates.

The Student Council also made definite plans for the campus identification plaque, which if carried through immediately, will result in the appearance of the sign by the end of February.

Design for the sign, which will read "San Jose State college," was made by the Art department. Industrial art students are expected to help carry the project through. It will be 3 by 3 1/2 feet in dimension and cast in bronze. It will be placed on-campus at Fourth and San Antonio streets.

The problem of getting a complete list of recognized campus organizations was again brought up. An attempt is being made to have all organization members be student body card holders.

Student Council member Doug Curry introduced the idea of the "preferential ballot." The plan involved is that all persons voting for class officers would indicate their second, third and fourth choice as well as their first. This would eliminate the necessity of holding run-off elections.

No definite action was taken on this measure.

### Ero Sisters Trio, Noted Magician Sign For Revelries Specialty Acts

Two specialty acts to be used for fill-ins in "Good News," the 1942 Revelries show, were selected last night in the tryouts held in the Morris Dailey auditorium.

The "Ero Sisters," composed of Betty Stuhlman, Barbara Trelease, and Jane Reed will be featured in the show which is scheduled for the 26th and 27th of February.

Another act chosen was Armand McGill, magician. McGill fascinated Revelries' audiences last year with his feats of magic, particularly his trick of plucking cigarettes out of the air.

Other acts selected will be announced at a later date.

Stanley Hollingworth, freshman music major from Los Molinas, Calif., has written a song called "Imagination Makes It So," which will be featured in "Good News," and is scheduled to be a hit, states Izzy Gold, rehearsal assistant.

There will be 15 songs in the show, many of which are original tunes written by students on Washington Square, according to Gold.

### Marilyn Skinner Coordinator Of New College Civilian Defense Committee; Griffin Air Raid Head

Marilyn Skinner was elected coordinator of San Jose State college Civilian Defense committee by the executive council of the Service Men's committee, announces Mary Suransky, new secretary of the Civilian Defense group.

At their first meeting Monday afternoon, the committee voted to set up (1) an air raid personnel organization with Tom Griffin as chairman; (2) a public relations division under Art Grey; and (3) a staff corps under Margaret Schrader, chairman.

An engineer corps to precinct the campus will be established as a function of the air raid division. Buildings will serve as districts, and floors as precincts under this plan. Also under this division will be an auxiliary fire corps with John Sayers as chairman and men students and the demolition crew working under him.

### Coordinating Committee Names 'Comparatively Safe' Area List In Event Of Bombing Attack

By ELIZABETH MOODY

Instructions to faculty and students on campus in case of an air raid, daylight or otherwise, affecting San Jose, have been issued by a faculty coordinating committee headed by Dr. James C. DeVoss, Dean of the Upper Division; Dr. P. Victor Peterson, Science department head; and Miss Margaret Twombly, Health department head.

The committee names a list of campus areas which are considered unsafe in case of bombing, and also a list of comparatively safe areas which will be used as shelters in case of attack. This list was prepared by the committee with the assistance of E. N. Curtis and Chester Root, local members of the State Architects' committee.

### Sophomore Council Plans Program

The sophomore class executive council met yesterday in the Student Union and elected members to the general council. It also appointed committee heads for the Freshman-Sophomore mixer and the Sophomore hop.

George Coles, last quarter's class president, was appointed chairman for the Sophomore hop, and Rex Gardiner is to head the Freshman-Sophomore mixer.

The elected general committee members are Anne Mortenson, Janet Atwood, Mel Warner, Ed Brubaker, Harriet Helps, Jean Willson, Marshall Kelly, Marty Taylor, Paul Borg and Jim Wilson.

### Tickets For 'Ah Wilderness' On Sale In Speech Office

Cat tails stuck behind pictures, ornate fans, obvious wall paper, and all the other "gingerbread" typical of a genteel living room at the turn of the century will characterize the interior scene which has been designed by Wendell Johnson for the production of "Ah Wilderness" which will be presented in the Little Theater next week.

Scouts from the Drama department scoured the town for spindly legged furniture of the type which now is found only in attics, so the set would be truly representative of the period about which the play was written.

There are only two scenes in the play. The second is an outdoor setting, portraying a romantic moonlight night on the banks of a river.

Tickets for this family comedy by Eugene O'Neill are on sale in the Speech office. Prices are 28 cents for associated student body members, and 55 cents for outsiders, including amusement tax. Students should remember to bring their student body cards when they purchase tickets.

### Bowman Betrothal Announced Recently

Miss Bonnie Bowman, Health office secretary, announced her engagement at a recent meeting of Epsilon Sigma Alpha, her sorority. Her fiancé is Staff Sergeant Thomas B. Patterson of Memphis, Tenn., now stationed "somewhere in California."

Miss Bowman was graduated in 1938 from San Jose State college with an A.B. in commerce, and has worked in the Health office since that time. The couple do not plan to be married until the emergency is over, Miss Bowman says.

The following places are designated as most unsafe:

1. All outdoor areas.
2. All second floors.
3. Morris Dailey auditorium.
4. Men's gymnasium.
5. Women's gymnasium.
6. Little Theater.
7. Reading room of the old library.
8. One-story section of the Home Economics building.
9. Chemistry laboratories and room 112 of the Science building.
10. Music building and annex.
11. Industrial Arts building.

SAFE

The list of comparatively safe places follows. These will be used as shelters in case of attack. Dr. Peterson points out that according to estimates, a shelter which would give full protection IN CASE OF A DIRECT HIT would have to have walls and ceiling of concrete eleven feet thick and be at least twenty feet beneath the surface of the earth; and that the areas named as shelters offer comparative protection from flying debris resulting from hits of demolition or incendiary bombs in the San Jose vicinity, provided these shelters are properly used. The following places are named as shelters:

1. Basement and first floor of

(Continued on page 4)

### One-Act Comedy Tryouts Scheduled At 4 P.M. Today

Tryouts for "Gas, Air, and Earl," one-act comedy by Bertram Bloch, will be held at 4:00 o'clock this afternoon in room 53 under the direction of Miss Marie Carr of the Speech department.

Any student interested in taking part in the play is welcome to try out and will find copies of the play on hour-reserve in the library.

There are five parts in the comedy, three for women and two for men. There are two good character roles for women.

### FLYERS FETED BY C.S.T.A. TONIGHT

The California Student Teachers' Association will entertain 35 Moffett Field soldiers at a potluck dinner and dance in the Student Center tomorrow night from 6:30 to 10 o'clock.

Marjorie Easton, acting president of the organization, said that 15 more members must sign up for the event in the office of Miss Helen Dimmick before 5 o'clock this afternoon.

This will be the first event under the newly set up organization committee of San Jose State college, which is working to provide recreation for the men in the service.

### WEEKLY RECORDING PROGRAMS OPEN TO ALL STUDENTS; WILL BEGIN THIS THURSDAY AFTERNOON IN NEW LIBRARY

Recorded programs are arranged by the library staff and will begin this Thursday afternoon at 2:00 to 5:00 p.m. The program will be held in room 210 of the new library.

Recordings will be played on a new Caphart record player recently cost the college \$500. This new machine was purchased by the college library soon after January 1. The phonograph is capable of playing two and one-half hours without the records being changed. It plays 20 12-inch records consecutively. Another feature of the machine is that besides dropping new records into place, as many other phonographs do, it can also turn the records over.

The record programs will feature light classic music, Miss LeBlond said. The music will be chosen to please the students.

The first Thursday of every month the English department will take over the program to play poetry records. These records feature the authors of famous poems reciting their own verse. The record library has records by 17 contemporary poets.

The list of poetry recorded programs as released by Miss LeBlond features some of the better poets of our time and their works. The complete list follows:

- February 5—The poetry of Edwin Arlington Robinson.  
March 5—The poetry of Robert Frost.  
May 7—The poetry of Edna St. Vincent Millay.  
June 6—Undecided.  
The musical programs will feature music instructors as chairmen. A complete list of selections for these programs has not been released yet.

## On-Campus

One of the rooms which has always fascinated us is 51 in the Speech wing. "Old Faithful 51," as we like to think it, never lets us down when we want to be amused.

The goings-on in there are always so jolly. The first time ever ventured to open the door, we saw rows of mirrors, chairs, and stairs leading nowhere.

But the big surprise came several days later when we saw people in there. We guessed they were people; they seemed to resemble people in a vague sort of way.

The characters—we finally came to the conclusion they were characters—were sitting in front of the mirrors, loling in the chairs, and running up and down the stairs. There was one little fellow in particular who seemed just about worn out from running up and down the stairs... we think he finally decided that he wasn't getting anywhere... flopped in a vacant chair, flung out an arm and said in a truly dramatic manner, "Oh, I say old chap, I'm rawther thirsty; what do you say if we go over to the cawner store and have a coke?"

All the characters in the room seemed to think that that was a jolly good idea. After five minutes' primping, they trooped out of the room and "Old Faithful 51" was once again occupied with just chairs, mirrors and stairs.

We audited a class once in the Little Theater stage. We went to go through 51 to get there, ran into the most delightful prize. The characters were orange, yellow, blue, purple, pink grease-painted (we're not sure of the benefit of the double calling it grease paint).

After that we made a trip going through "Old Faithful 51" to get to the basement. The impressions on the characters' faces came more expressive every time we went through. The last time we went through, the time we got locked out, all the characters looked apoplectic even with their vari-colored grease-paint jobs.

Our little chums, the occupants of "Old Faithful 51," can be seen in fair weather in the "bull pen" as they so picturesquely call it, just outside room 51.

Candidly speaking, we think what the characters think of us, but yet we are not so sure.

## EDUCATION AS A BACKGROUND

The more you learn the more you realize how little you know.

But people still go on studying, for the purpose of learning, working, inventing, so that man may live a happier and more complete life.

That is why the scholastic function of opening unsuspected fields of interest (for example geology, geography, government) is just as important to college students as preparation for a definite job.

When a student graduates from college and enters his chosen field, he may be successful from the point of money and prestige, but if all he has gotten with his A. B. is instruction in this one line, he has missed some wonderful opportunities.

Though it may be done subconsciously, no student can leave a class in geology without carrying away knowledge that will

make future trips all the more interesting because of the things he will notice—things that would never have been noticed and enjoyed without knowing about rocks, land formations, faults, etc.

This is not a plug for geology classes. It is a plug for all classes that open up new interests which otherwise a student might never have known about.

In classes on government he will come to be interested in the why of world affairs and not just the whens. He will come to enjoy reading matter that would have registered nil without the background some of these classes provide.

The student will develop interest in many fields and a broader understanding of other countries and people. His life won't center in just one narrow niche.

Smith

## ARE WE HONORABLE?

For a long time students on this campus have agitated for the honor system during examinations. Claims that it wouldn't work have been the main reasons for not instituting a teacherless test.

We have never believed that it would work either, until this quarter, when we signed for a course taught by a rather liberal instructor. This "prof" comes into the room, writes the test questions on the board, stays for some little part of the hour and then goes out for a breath of fresh air. Immediately the tenseness is lessened. This feeling is mental as well as physical.

Under the present set-up students who are caught cheating by their classmates are not particularly looked-down upon. If they take advantage of the good graces of the instructor, who has put them on their honor, they would be branded as cowards. Now they are just clever enough to be doing something smart.

Merely speaking from the standpoint of the

student, we believe that a modified honor system would pay dividends. By a modified system, we mean no parading monitors, no overly distrusting professors.

Therefore, from the student standpoint, we submit to the faculty the following four points to be kept in mind when a test is being given:

1. If you do not feel like leaving the lecture room when a test is being given, bring a good book. Do not place yourself at the lookout station with a powerful pair of field glasses.

2. Recommend for immediate disqualification from San Jose State college any student caught breaking his honor by giving or receiving information.

3. Consider only a minute percentage of students as cheaters.

4. Let the students feel at ease during test hours.

The bond between student and instructor would be strengthened by this liberality, we believe.

Jensen

## IT'S ALL FOR FREE

In spite of the financial setback which the staging of the annual Novice tournament in the San Jose Civic Auditorium turned out to be, athletics officials will go ahead with plans for presenting the All-College Boxing tourney at the same location tomorrow night.

The belief is that not lack of interest but lack of enough downtown publicity was the reason for the poor showing of city folk at the bouts last week. Nor was student attendance by any means what it should have been, principally because of the misunderstanding that there was a charge for student tickets.

Let it be made clear here and now that your student body card will entitle you to free admission to the bouts tomorrow night. All their fans will be charged only 25 cents per ticket, for any seat in the house.

In the All-College bouts you will see more science and certainly no less action than in the novice fights. The boys who meet tomor-

row represent the best boxers of the college and you will see an improvement in punching and footwork over last week's encounters.

There will be plenty at stake to fight for, too. The winners in this tournament are automatically considered the varsity boxing team for the season, unless later bouts prove otherwise.

Coach Dee Portal has been working hard to promote the status of boxing at San Jose State college to a higher level than ever before. His ambitions, which are in the interests of an institution of which we are a part, may well be realized if he gets our support; they are certainly doomed to failure if he does not.

Turn out tomorrow night as you would for any other college sports activity. It's all free and you'll be sure of an evening of red-blooded enjoyment.

Morrow

## NOTICES

Today is the last day on which La Torre club pictures will be taken. Today's schedule is:

4:15—P. E. Majors.

4:30—Bibliophiles club.

All groups are to be present promptly at the steps of the new library at their designated times.

— Al Lasser.

The Health office requests the following people to report for their fluoroscopy test immediately. Please report to the Health office.

Paul Conner, Dede Cook, Bruce Cooper, Jack Costello, Robert Couchman, Margaret Coulter, Curtiss Cowan, Kenneth Crowell, Henry Daggett, Jim Davis, Kent Dedrick, Frank Della Maggiore, Hudson Dempsey, Donna De Mahy, Alfred Dicus, Cecil Dombalian, Roberta Doudell, David Duncan, Geraldine Faber, William Faria, Frank Farr, Harold Ferguson, Robert Ferguson, Irma Ferry, Bill Foote, Hubert Foskett, Robert Freeland, Marshall Freeman, Tesuo Fujikawa and Donald Furtado.

The college YMCA will hold a meet at 7:00 p.m. in the city "Y". All those who can should attend.

— Sam Zones.

Will the people who were contacted by telephone for frosh football pictures please report at the Publications office on January 28 at 3:00 o'clock? This is important.

— Joe Azzarello.

Geology club, Thursday noon at 12:15, S227. Bring your lunch. Mr. Kartchner will speak on the Almaden mine.—Val Reese.

Will the following people meet at the Student Center at noon today for a short meeting: Frances Parsons, Helen Buss, Dorothy Sayles, Jewel Hadack, Doris Burkham, Grace Deforest and Edna Wall.

— Martha Peters, Chairman.

# All-College Fight Tournney Tomorrow Night

## BOXING SHOW IN CIVIC AUD AT 8; COACH DEE PORTAL LISTS BOUTS FOR PLACES ON VARSITY SQUAD

By BILL MORROW

Eight bouts now appear definitely set for the annual All-College Boxing tournament tomorrow night in the Civic Auditorium, and Coach DeWitt Portal waxes enthusiastic over promising prospects for a good show, despite the loss of four of his best men for the turnney.

Chief loss is Dick Miyagawa, favorite to repeat as champion in the 127-pound class, who has been down all week with the flu. The little Hawaiian has held the college title since his freshman year, and his presence would have added considerably to the color and crowd-appeal of the bouts.

### CUMMINGS, ROBERTS GONE

Jim Cummings, 175-pounder, has joined the Navy; Bud Roberts and Roy Diedericksen, who fought to a draw in one of the better novice finals last week, will not be fighting tomorrow night as was previously planned. Roberts has left for Nevada, and Diedericksen cannot compete due to conflict with his activities as a member of the basketball squad.

All is far from gloom with Portal, however. There are still some sure-fire slugfests on the card. What may be the headline bout of the night will bring together Ken Sheets, winner of the welterweight title as well as the Latka trophy in the novices, and tough Dave Siemon, who won the novice 145-pound class final last year, and who is the top varsity prospect at present.

### GIBSON vs. HOFVENDAHL

Another bout that can't miss will put Woody Gibson, TKO winner in the 165-pound division last week, against rough-and-ready Russ Hofvendahl, middleweight varsity veteran from last year. Both these men are heavy punchers, and Portal predicts this one "will be a honey."

Bill Flett, who fought as a middleweight last year in the novices,

## FRESHMAN CAGERS MEET SALINAS J.C. IN BENEFIT GAME

Coach Frank Carroll takes his freshman cagers to Salinas for a return battle with the Salinas junior college varsity tonight in an infantile paralysis benefit.

The freshmen are favorites based upon their one-sided victory over the Panthers last week by a 48 to 36 count. Salinas is out to revenge this defeat, and playing on their home court the "Lettuce City" boys should give a good account of themselves.

Abel Rodrigues, Salinas' outstanding forward and former San Jose high school star, is the man the frosh must stop. Carroll will leave this duty to guard Bill Rodriguez of the freshmen as he has been playing outstanding defensive ball all season.

Freshman scoring will be mainly in the hands of center Porter McConnell who scored 19 points against Salinas in the first game, and forwards Paul Corbusiero, Mel Caughell, and "T-Bone" Akusuki. SJ FROSH SALINAS JC  
Sargent.....f..... Rodrigues  
Corbusiero.....f..... Klauke  
McConnell.....c..... Pierson  
Hill.....g..... Parker  
Rodriguez.....g..... Bulanti

has trained down to 155 pounds and will meet Ollie Bauquier, novice semi-finalist, according to Portal's present schedule.

Don Haas, novice bantamweight winner who was set to take on Miyagawa until the latter's illness, will meet Bill Harris.

### TOWNSEND vs. BONETTI

Charles Townsend, varsity lightweight candidate, meets novice champ Sergio Bonetti in the 135-pound division bout, and three other fights, bringing together six men who gave the crowds plenty of excitement last week, will round out the card.

Frank Minini, knockout champion of the novice heavyweights, again meets his first opponent, Walter Meyers, who gave Minini a bad time in the semi-finals the first night of the tournament.

Charlie Cook will meet Bill Triplet in the first bout of the evening. John Desalernos and George Klinger will then enter the ring and later in the evening the winners of the two bouts will come back to settle the 175-pound championship.

### ROQUE vs. HEFNER

Gus Roque and Bud Hefner, little men who gave the crowd one of the top two fights of the night in the featherweight final, will also meet again. The 120-pounders battled to a draw in their first meeting, and each will be out to change things tomorrow night.

## Spartan Daily Sports

SAN JOSE, CALIFORNIA, WEDNESDAY, JANUARY 28, 1942

### Fresno State Center

Burton Acker, a senior, is the tallest man on the Bulldog squad, standing 6 feet 6 inches. He is fast and a good shot, scoring 175 points last season to place second on the team.

## Dutch Boysen and Bill Helbush Set Cage Score Pace

Dutch Boysen and Bill Helbush continue to set the pace in the varsity basketball team scoring race, according to complete game statistics up to last night.

Boysen has connected with 30 field goals and 10 free throws for a total of 84 points. Helbush is right on his neck with 81 points garnered by 31 field goals and 19 charity tosses.

Elwood Clark moved into third place ahead of Roy Diedericksen by scoring 23 points in the Humboldt series and upping his total to 60.

	fgm	ftm	Ttl.
Boysen f	37	10	84
Helbush g	31	19	81
Clark c	28	4	60
Diedericksen g	19	6	44
Gamboa f	16	5	37
Robinson g	13	9	35
Sturz g	13	6	32
Carter f	10	5	25
Zemanek c	9	0	18
Flake c	4	0	8
Sonntag f	3	0	6
Colombo f	1	2	4
Johnson g	1	1	3
Staley g	0	0	0
Gibson g	0	0	0
Borg f	0	0	0
Totals	185	67	437

Clark and Marvin Zemanek back he will have a likely prospect in Porter McConnell, who lately joined the frosh five and since then has been one of the top scorers. McConnell scored 19 points in the Salinas game the other night.

## St. Mary's Defeats Spartans 45 To 34; Fresno Here Next

After being held to a 7-to-7 tie during the first eight minutes of play by the San Jose Spartans, the St. Mary's college basketball team pulled away to win easily, 45 to 34. At half-time St. Mary's led 31 to 14.

With blond Dutch Boysen sent out of the game on fouls early in the first half, Elwood Clark was San Jose's biggest scoring threat. Clark connected on three of his six shots and on all three of his foul shots to take scoring honors with nine points.

### SECOND-HALF RALLY

Willie Gamboa, Bill Helbush, Roy Diedericksen, and Clark were the Spartan standouts as they put on a late second half rally which brought San Jose to within 11 points of the Gael hoopsters.

Friday and Saturday the Spartans will face Fresno State in the third and fourth games of the current 2C2A conference season. Last year the Spartans whacked the Fresno five on the local floor in both encounters but lost their second game in the Raisin City and thus were dropped into a tie for the league title.

### TALL CENTER

The Bulldog five will be led by Berton Acker, 6 foot 6 inch center, who was second high scorer last year and is expected to carry the brunt of the attack this year. Acker is the only member of the team with two years' varsity experience.

At forward, Bulldog mentor Hal Beatty will have two scoring threats in Bob Heeran and George Gemanis, both playing their second year. The guard positions will be held down by Jim Molich and Vincent Valek, both veterans from last year. Molich may alternate at forward also if needed.

## VARSITY SWIMMERS OPEN WITH Y.M.C.A. MERMEN TOMORROW NIGHT

San Jose State's 2C2A championship swimming team will open its 1942 season tomorrow night as scheduled earlier in the local pool at 8 o'clock when they face the highly touted San Francisco YMCA mermen.

The "Y" swimmers went to the National YMCA meet last year in the East and came out second, just being noded out by an eastern team. For the last

three years the Spartans have bowed to the Y mermen in the local pool and again are on the short end of the odds.

### LOSE VETERANS

However, both teams were hit hard by losses and will have to rely on newcomers and reserves to win the meet, states Coach Charley Walker. The Bay City team is weak in diving and the breast stroke events, but will probably give the Spartan sprinters a bad time.

San Jose will have to rely on two newcomers in the diving, namely Cecil Domballian and Fred Hadley. Both are performing for the first time on a varsity team.

### RELIES UPON FRELIER

In the breast stroke Coach Walker will rely on veteran Roger Frelrier. Last year Frelrier was second man behind Dean Foster but won his share of points and is expected to come through this year.

He will be backed by two newcomers, Jim Sheridan and Robert Hepler.

In the sprints the Spartans are fairly strong but are not expected to be up to last year's performance. However, Don Thomsen is back in the fold and will give all a battle for the top honors. He will be backed by captain Joe Wietzenberg, Delmar Armstrong, and a newcomer, James Jackson.

### TAYLOR HEADS BACKSTROKE

Marty Taylor, sensational freshman swimmer last year, will hold down the No. 1 backstroke position and will be backed by John Coates and Prescott Kendall, two newcomers.

Two veterans will take over the distance swimming with Walter Sindel, frosh last year, and Egon Hoffman churning the water in the 220, and Sindel holding down the 440 swim. They will be backed by Jim Davis, Karl Hazeltine and Ed Kiefer.

## From the Sidelines

WILBUR AGEE

### E. Program

With the army and navy departments more men each week, several changes may take place in physical education departments of colleges and universities in the near future. One of the most recent changes is a five-day-a-week physical education program instead of the two-day-a-week program in effect. This is suggested to build better physical man-

### Meet Changed

Because of unsatisfactory arrangements the varsity swimming meet was once more forced to change its scheduled meet with the San Francisco YMCA. Originally scheduled for tomorrow night, it was moved ahead so as not to conflict with the all-college boxing meet, but yesterday word was received from the Y officials that it would be impossible for them to meet tonight and so once again was shifted, this time back to the originally scheduled Thursday night.

First comes from Fresno State that the new 2C2A ruling will also add to their track strength, which will probably give Bud Winter something to think about. However, the catch is in that they admit San Jose will be the most affected by the new rule and will probably give them a hard time this year.

### Our Error

Our apologies go out to Spartan Elwood Clark. In several articles appearing in the Daily we have called Coach Walt McPherson promising pivot man Dick. Now now on we will attempt to do it right.

It looks as if we will have quite a track team this year as shown by the methods used by track men Bud Winter in getting his men in condition. Despite the soggy conditions the local cinderpath, Winter has boys working out every afternoon in the local gym. Any afternoon one can see an array of basketball players in action not only practicing their basketball fundamentals but also dodging high jumpers and sprinters who are warming around on the hardwood.

### Home Track

The improvised track or what resembles a track, only with not too many corners, has been devised. The distance and sprint men merely jog around the aisle in the gym. Quite different from last year when they did not get to the track out until late in March.

The other night in Hollywood, George Latka, San Jose State's boxing professor, lost a 10-round decision to Ray Lunney of San Francisco. This is the sixth fight Latka has lost but has still never been knocked out by any fighter going professional. Lunney and Latka fought to a draw in San Francisco last year.

### Pivot Men

Coach Walt McPherson should have little trouble in getting a pivot man next year unless the boys steps in. Besides having

# WEEKLY CHAPEL SERVICE PLANS FORMED

## Coordinators Pick Air Raid Shelters; Prescribe Caution

(Continued from page 1)  
the Science building, except chemistry laboratories and rooms S12 and S112.

2. First floor and basement of new library.

3. First floor of the Home Economics building, except the one-story section.

4. Basement of Student Union.

5. Arcades surrounding the Quad.

6. First floor of Administration building, including Health wing but excepting old library.

7. Ceramics laboratory.

8. First floor of Speech and Art wings, except Little Theater.

### LIE ON FLOOR

Dr. Peterson emphasizes that college personnel using any of these areas as shelters should lie on the floor during an air raid, as the main danger is from flying shrapnel and debris from broken windows, propelled with great velocity from concussion caused by bombs which may hit several blocks away. These temporary shelters afford enough space to accommodate the entire staff and student personnel of the college and the adjacent high school, with ten square feet of floor space allowed for each person.

### GENERAL INSTRUCTIONS

The following general instructions were issued by Dr. Peterson, to be followed in case of bombing or air raid alarm:

Anyone out-of-doors should proceed rapidly to the nearest comparatively safe area. People out-of-doors are in the greatest danger because of the possibility of machine-gun fire from raiding planes.

### GO DOWNSTAIRS

People on second floors or roofs should immediately go downstairs to a portion of the building designated as comparatively safe. Next to unsheltered areas, second floor space is least safe on the campus.

Occupants of the reading room of the old library should be evacuated to the lower floor of the Administration building, the surrounding corridors, or the first floor or basement of the new library.

People on the second floor of the Administration building or Commerce department, or in the Morris Dailey auditorium should go immediately to the first-floor classrooms or surrounding corridors. Those on the second floors of the Speech and Art wings should leave for the first floors of those buildings, excepting the Little Theater, which would be evacuated to the surrounding corridors and classrooms of the Speech wing.

Anyone in the Men's gymnasium should go to the basement of the Science building; occupants of the Women's gymnasium, to the Home Economics building, which will also be a shelter for anyone in the Industrial Arts department. Occupants of the Music building or annex will proceed to the first floor of the Administration building.

### MORE LATER

These instructions were prepared by the faculty co-ordinating committee. Further information concerning steps being made to take care of emergencies caused by a possible bombing or attack will be outlined in a column on the feature page of the Spartan Daily, starting later this week.

## NEWS BRIEFS

### State Pistol Team

San Jose State college's Police school pistol team will meet the powerful pistol team from Northwestern university. The meet is scheduled to be held tomorrow.

Northwestern has one of the best pistol teams in that part of the east and is expected to give a real battle for top honors of the day.

The match with Northwestern university is the second in a series that takes in the best teams of the larger colleges in the country.

### Taylor Speaks

Tom Taylor, junior speech major, will speak to the Modesto Kiwanis club at Modesto today. He will relate the recent experiences of the Spartan football team and those accompanying it when under fire at Pearl Harbor, Hawaii.

## Skiers To Discuss Schedule At Meet Tomorrow Noon

Intercollegiate skiing competition will be discussed at the regular meeting of the San Jose State Ski club tomorrow at 12:30 in room 13, announced Glen Gallison, president yesterday.

To make a good showing in collegiate competition there must be a larger number of experienced skiers compete for Sparta, Gallison said. There are 30 members in the club at present.

### Bond Purchased

Tau Mu Delta, honorary music sorority, has sacrificed many of its social functions to finance the purchase of its first defense bond yesterday.

Sufficient funds are available for the purchase of a second bond in the near future, and fines have been set aside as a special fund for this purpose. The music sorority, which is one of the oldest on the campus, feels that in times of emergency, money is of greater service to humanity invested in bonds than in social functions. Faculty adviser for the group is Mrs. Melvin Weyend.

### Newman Dance

The Newman club will hold an after-game dance Friday night from 9:30 until 12:00. Recorded music will provide dance music for the evening at the clubhouse, 79 South Fifth street.

All Spartans are invited to come and celebrate after the game. There will be a small charge.

### Spartan Hall Dines

Spartan Hallmen entertained at a dinner at Tiny's Thursday evening for members of the Spartan Hall championship boxing team, dates and members of the house band which had entertained the spectators at the novice tournament that night.

Dancing was enjoyed during the evening.

## SPECIAL PROGRAM FOR NATIONAL BROTHERHOOD WEEK SET FOR FEBRUARY 19 IN MORRIS DAILEY

Plans for a weekly chapel service will be inaugurated by a special program commemorating National Brotherhood week February 19, at 11:20 o'clock in the Morris Dailey Auditorium. Dean of Men Paul Pitman announced yesterday.

Addresses will be given by Dr. Elton Trueblood of Stanford, junior pastor, Monsignor Maher, advisor of the Newman

## CHECKER TOURNAMENT GETS UNDER WAY

Three hundred and twenty-nine games have been played in the San Jose State college checker contest being conducted in the Student Union, announces George Hopper, who is working out the schedule to be followed by the contestants.

Eddie LaFrank, Dick Urhammer, Gray McConnell and George Hopper are leading with about one-fourth of the total games played. All contestants play three games with each other. The ultimate winner is decided by the point system, two points being awarded for each win and one for each draw. The contestant with the most points after all games have been played wins the tourney.

There is still time to enter the tournament by signing up at the Student Union bulletin board. This must be done by Friday, January 30, announces Hopper.

There will also be a chess tournament for all State students in about two weeks, announces Larry Frembling.

club, Rabbi Iser Freund of the San Jose Jewish church, and Rev. Johnson, president of the Ministers' association.

"National Brotherhood week signifies the closeness of purpose and spirit between Jews and Christians," Dean Pitman explained. "In present days the closeness between these two religions through out this nation is of particular significance when war and persecution prevail over the world," he declared.

The college A Cappella choir will present a program of serious music, featuring Jewish and Christian hymns.

The chapel committee plans to present a chapel service every Thursday in the Little Theater. The service will be featured by a quiet period of meditation, and a special musical program of selected musical recordings from the new library music room.

Marie Hayes and Doug Hayward are in charge of the program properties and special effects, Jim Follette; music, Emil Cava, and publicity, Katie Reed.

## HERE'S WHY COLLEGE MEN LIKE ROOS BUTTON-DOWN SHIRTS

- their Hi-Lo collar is so comfortable
- their button-down style is informal
- they are made of fine oxford cloth
- and their Roos Bros price is only
